

# **Developmental grade** Lumirror® 60.01R

## **Application**

- Electrical insulation Siliconizing
  - Mould release
  - Printing & coating

## HAZY PET FILM WITH HIGH ROUGHNESS 30% POST CONSUMER RECYCLED

### **Benefits**

- 30% PCR raw materials
- High dimensional stability
- Good flatness
- Excellent machinability due to high roughness
- Certified UL 746 B (105°C)

#### ■ Typical Values (These values do not constitute binding specifications)

|            |                         |             |         | •     |
|------------|-------------------------|-------------|---------|-------|
| Properties |                         | Test Method | Unit    | 30 μm |
| YIELD      |                         |             |         |       |
|            | Unit Weight             |             | g/m²    | 42.0  |
|            | Area Yield              |             | m²/kg   | 23.8  |
| MECHANICAL |                         |             |         |       |
|            | Tensile Strength MD     | ASTM D 882  | daN/mm² | 22    |
|            | Elongation at Break MD  |             | %       | 130   |
| THERMAL    |                         |             |         |       |

|            | Roughness Rz            | Method      |         | 450   |
|            |                         |             |         |       |

#### PCR ratio

TORAY garantees 30% PCR ratio. For other ratio or thickness, please contact the sales team.

#### Regulation

Lumirror® 60.01R does not comply with European applicable requirements for food contact applications. For Toray's certification concerning specific applications with each product, please refer to the 'Declaration of Compliance'.

#### Presentation of the rolls

**Roll packaging:** The rolls are suspended on standard paper core with internal diameter of 152.8mm. For all presentation, minimum roll width = 340mm and maximum roll width = 2100mm.

**Returnable packaging:** Wooden flanges, plastic flanges and pallets are returnable.

#### Please contact us for...

- Any other presentation (width, length, core)
- Process for returnable packaging
- Any other information about typical values, measuring conditions, tolerances, deliveries...
